Thanks, Apple. Cindy and I will be on the call this morning.

Cindy and I have discussed how to approach providing updates to [Ex. 6 Personal Privacy (PP)] on the activities on his property. [Ex. 5 Deliberative Process (DP)]  
[Ex. 5 Deliberative Process (DP)]

I don't know that anyone will be doing an update for [Ex. 6 Personal Privacy (PP)] today-just wanted to make sure we're all on the same page re: what we can share at this time.

Darrin Larson

Chief, Air Permitting Enforcement Section (6EN-AA)

U.S. EPA Region 6

Office: 214-665-7115

Subject: Hold for meeting with Ex. 6 Personal Privacy (PP)

Proposed agenda from Ex. 6 Personal Privacy (PP)

My proposed agenda is to:

1. Introduce myself as a landowner living with oil and gas development and production for the last 20 years. I can see 7 wells from my house. I cannot see Russia.
2. Share with you the details of the NM Oil Conservation Division re-completion permitting process that sets the stage for the wells to be vented and flared.
3. Share with you personal information gained through observation and confidential interviews about how the wells are actually re-completed.
4. Look carefully at what EPA's impediments to 0000a enforcement are. Understand why the operator of these wells, Hilcorp, has been so hard for EPA to contact.
5. Overcome these impediments and difficulties, revise the NMOCD/BLM permitting process, capture all methane waste nationally and so change the health, climate, taxes/royalties for US citizens and beyond for the better.

I'm thinking I need about 15-20 minutes for agenda items 1. - 4.

Agenda item 5. may take a little longer.
